New Primer!

December 15, 2011 – AkzoNobel Sign Finishes announces the latest addition to our Grip-Gard® Primer assortment. **Grip-Gard White Washprimer Light Enhancing** is a chrome free, one-component self-etching primer for metal surfaces. It is suitable for most substrates especially aluminum, steel and galvanized steel.

Grip-Gard White Washprimer Light Enhancing provides excellent long-term adhesion and corrosion resistance properties. In addition, the light enhancing capabilities of this new primer make it ideal for use in the sign industry.

Call your AkzoNobel Sign Finishes representative or our Techline at 800-618-1010 today for more information on this new product or go to www.signfinishes.com.
