

# New Kid on the Block.

*Introducing the Next Generation of Translucent Sign Paint.*

## Grip-Gard® BC Translucent

*Utilizing the superior color capability and versatility of the Grip-Gard® BC System, Grip-Gard® BC Translucent takes backlit plastic painting to the next level.*

### Superior Technology

*Grip-Gard® BC Translucent makes the most of the latest technology in pigments and resins to achieve desired coverage in an average of 1/3 less coats than traditional translucent sign paints.*

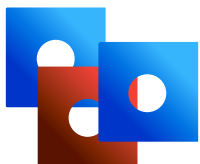

### Superior Sprayability

*Easier application makes it possible to achieve consistent finishes with the toughest colors, even traditionally hard to spray colors like dark greens and blues.*

### Superior Value

*Because Grip-Gard® BC Translucent is a component of the Grip-Gard® BC System, it eliminates the need for separate paint systems for plastic and other substrates.*
